¡Nuestra marca en evolución!

*Our brand in evolution!*

**Grifería Clever** nace en 1998 de **Standard Hidráulica**, empresa fundada en Barcelona en 1975 y reconocida como uno de los principales fabricantes de **grifería y accesorios para cocina y baño** en España. Con una filosofía basada en la calidad, el servicio, la cuidada atención al cliente, la constante investigación tecnológica y el respeto al medio ambiente.

En 2019, se constituye el **Grupo STH** (Grupo industrial internacional) formado por **Standard Hidráulica** (Montcada i Reixac, BCN y Getafe, MAD) y **STH Westco** (Leigh, Manchester, UK).

Y en **2021** el Grupo STH incorpora dos nuevas empresas; **STH Southern Africa** (Sudáfrica) con base en Johannesburgo, Port Elizabeth y Ciudad del Cabo y **STH Hellas** con base en Atenas (Grecia). Con estas integraciones se contribuye enormemente a reforzar a nuestro grupo industrial con amplia experiencia en el área logística y comercial.

*Clever taps was launched in 1998 by Standard Hidraulica, company founded in 1975, well known as one of the most important taps, mixers and showers manufacturers in Spain. Our company's philosophy is based in quality, service, technology investigation, exquisite design and environmental respect.*

*In 2019 STH Group was founded, International Industrial Group consisting on Standard Hidraulica (Montcada i Reixac - Barcelona and Getafe - Madrid) and STH Westco (Leigh - Manchester UK).*

*In 2021 STH Group joined up two new companies; STH Southern Africa (South Africa) based in Johannesburg, Port Elizabeth and Cape Town and STH Hellas based in Athens (Greece).*

*These incorporations will highly contribute our Group to reinforce our experience in logistic and commercial area.*

**50 AÑOS  
A TU LADO**

*50 years beside you. Since 1975.*

# Soluciones integrales desde 1975

*Integral solutions since 1975*

Las soluciones de STH se integran eficientemente en el corazón de los edificios y en las redes de distribución, y son fáciles de especificar e instalar, teniendo una contribución fundamental en el óptimo funcionamiento de las instalaciones. La filosofía de la compañía está basada en **la calidad, el servicio, la inversión, la competitividad y la innovación** desde su fundación en 1975.

*STH solutions are efficiently integrated into the heart of buildings and distribution networks having a fundamental contribution into the optimal operation of the facilities. The company's philosophy is based on quality, service, investment, competitiveness and innovation.*

## Nuestros pilares

El objetivo de STH es ser reconocida como la empresa líder en cada uno de los mercados estratégicos siguientes:

*Our pillars | STH's goal is to be recognized as the leading company in the following strategic markets:*

**Grifería**

STH desarrolla una exclusiva y completa gama de grifería y accesorios para baño y cocina. Calidad, innovación, tecnología, diseño y ecoeficiencia son los sellos de distinción de la grifería marca Clever.

*Clever, exclusive range of taps, mixers and showers for kitchens and bathrooms.*

**Válvulas, sistemas y conexiones**

Soluciones para conducciones domésticas de agua y gas y sistemas completos de tubería, accesorio y válvula.

*Connection solutions for thermal and sanitary networks in buildings.*

# Las personas, el mayor activo

Winning with people

# Nuestros valores:

Our values:

# Nuestro plan de igualdad

Our equality plan

STH además es una empresa certificada con la ISO 9001 y la ISO 14001, y con la aplicación de la Ley de Igualdad, promoviendo acciones dentro de la empresa que favorecen la igualdad de oportunidades para todo el personal de STH.

STH is also an ISO 9001 and ISO 14001 certified company, and with the application of the Equality Law, promoting actions within the company that favour equal opportunities for all STH staff.

# Productos y soluciones eficientes para mejorar la sostenibilidad y el bienestar en las viviendas

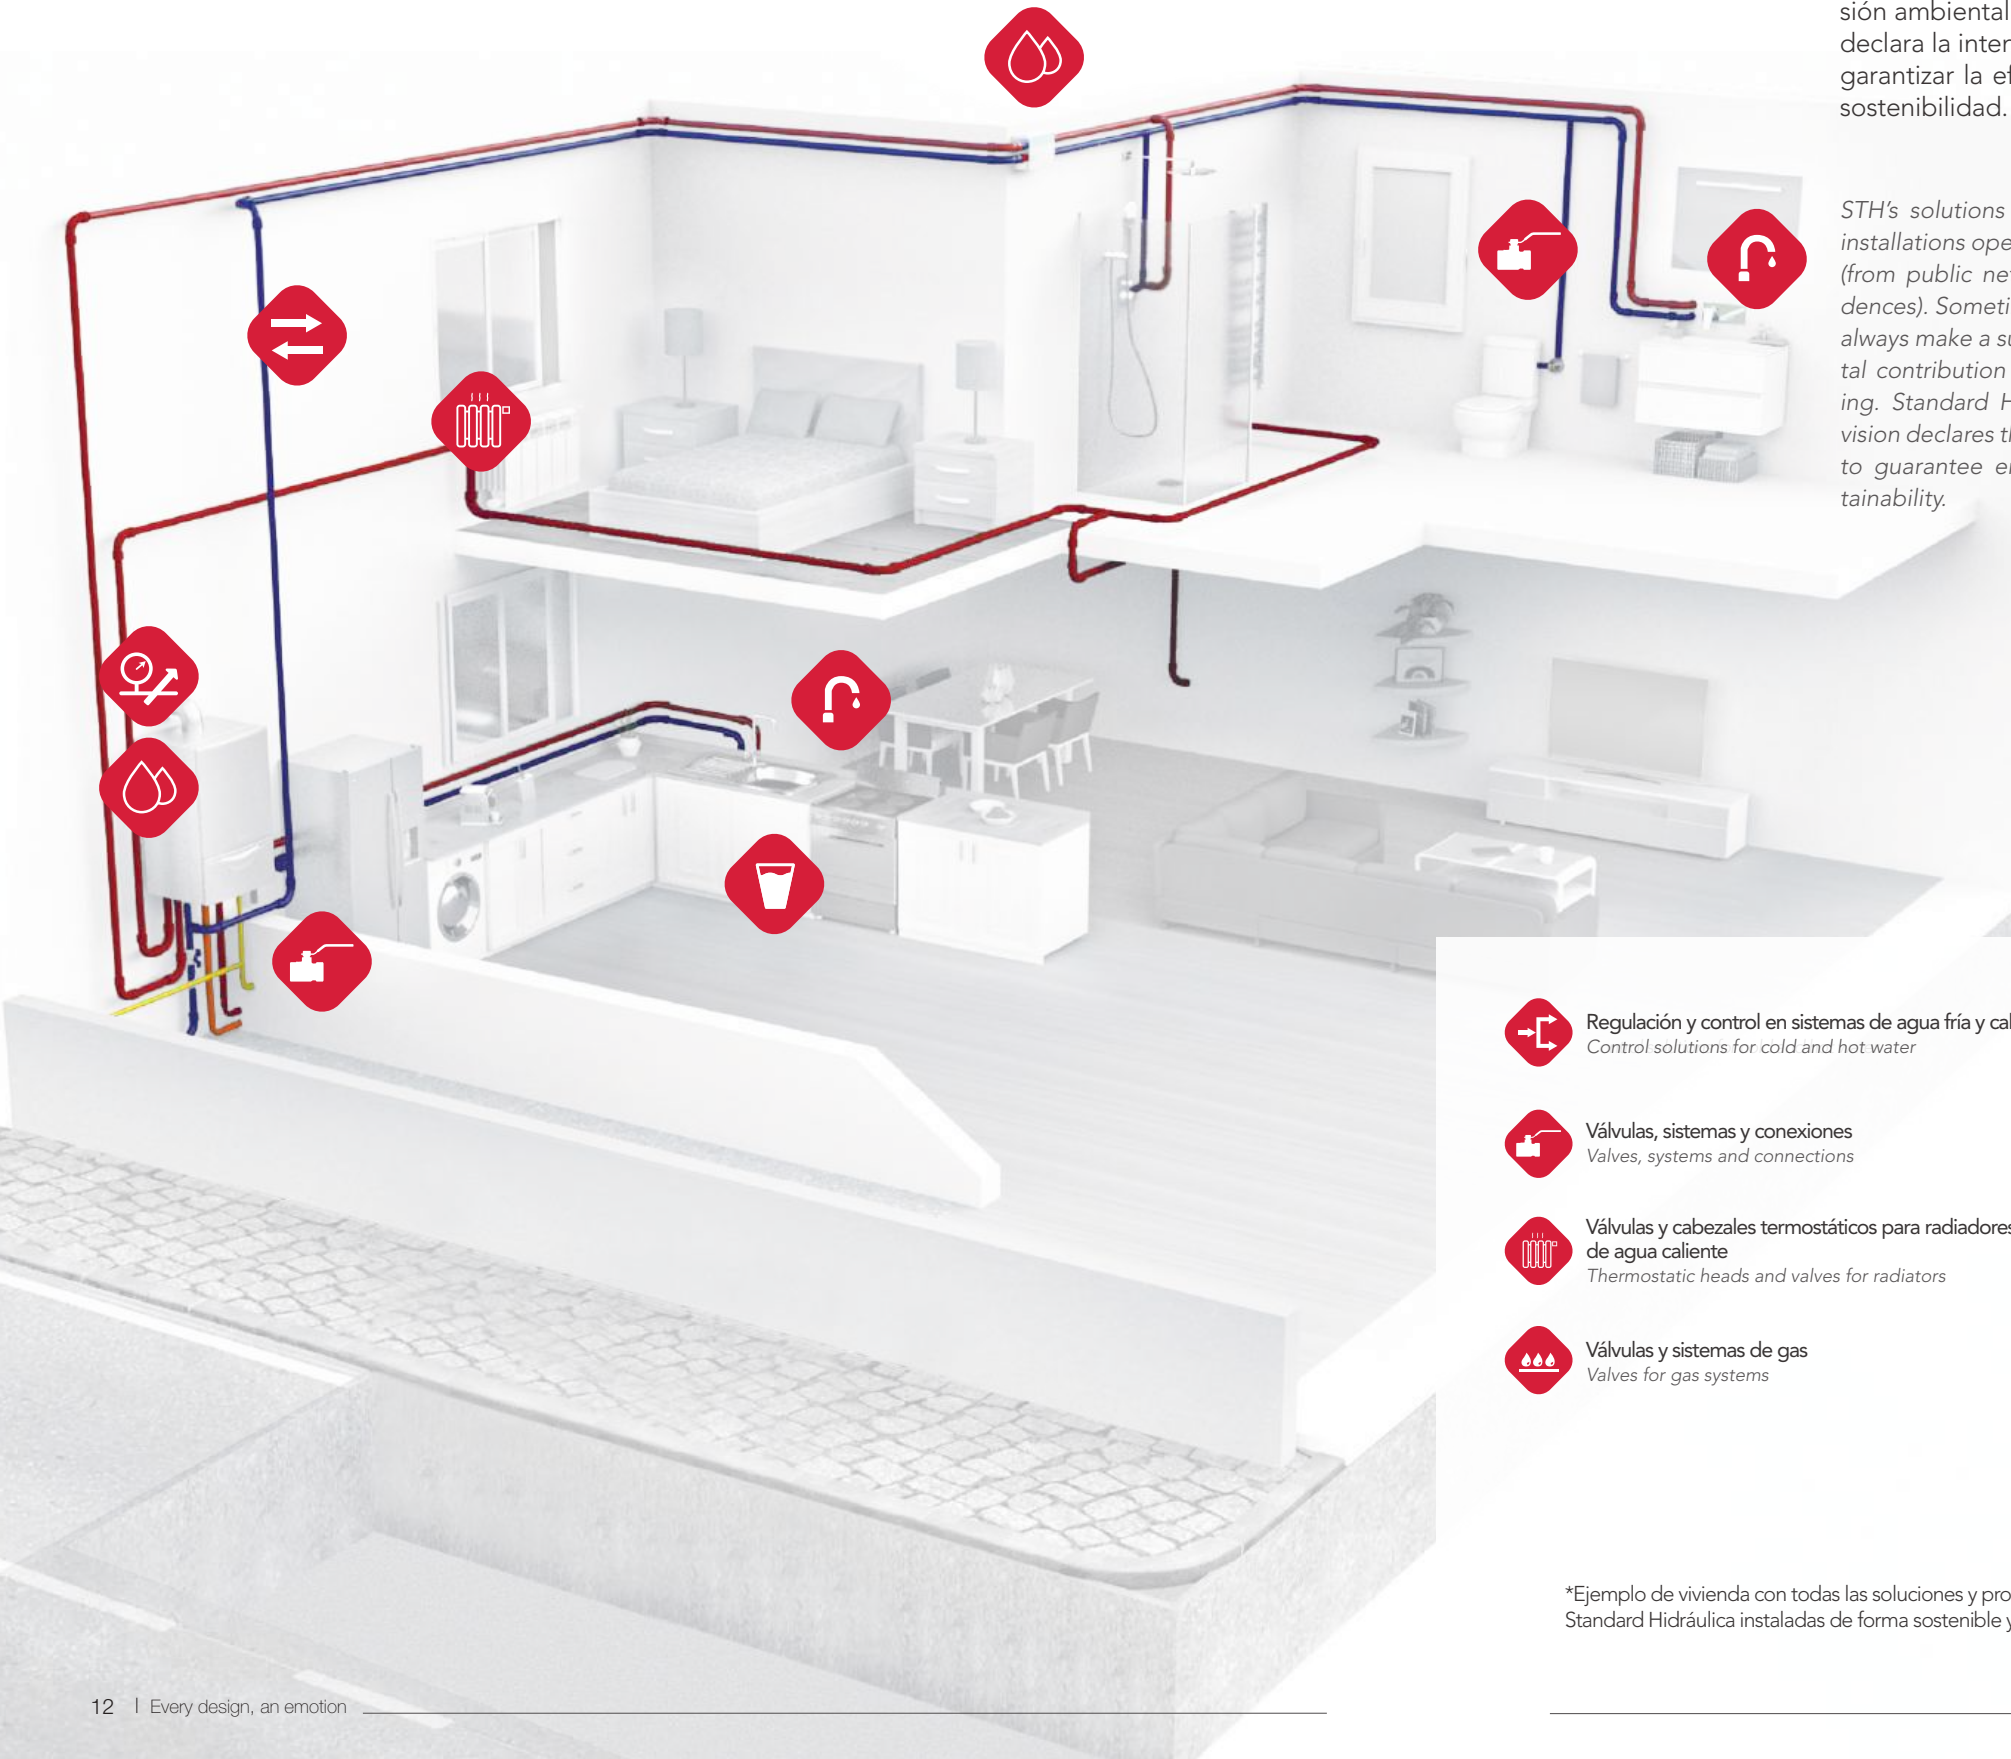

*Efficient products and solutions to improve sustainability and well-being in homes*

Las soluciones de STH para instalaciones térmicas y sanitarias operan en el corazón de los edificios (desde las redes públicas hasta el interior de la residencia). A veces son invisibles, pero siempre hacen una contribución sostenible y fundamental en la forma en la que funciona un edificio. La visión ambiental de Standard Hidráulica declara la intención del Grupo STH de garantizar la eficiencia energética y la sostenibilidad.

STH ha estado trabajando junto a los diferentes actores dentro del sector de la construcción y empresas de agua y gas durante muchos años, acompañando a clientes y profesionales para ayudarlos a cumplir con sus proyectos y garantizando la creación de valor mutuo.

*STH's solutions for thermal and sanitary installations operate in the buildings heart (from public networks to inside the residences). Sometimes they are invisible, but always make a sustainable and fundamental contribution to the building functioning. Standard Hidraulica's environmental vision declares the intention of STH Group to guarantee energy efficiency and sustainability.*

*STH has been working together with different partners within the building sector, water and gas companies.. for many years. Accompanying customers and partners to help them to reach their targets to fulfill the projects and guarantee the mutual value creation.*

## AHORRA AGUA Y ENERGÍA

# ECO CLE VER

Según IDAE el 17% del consumo energético del hogar corresponde al agua sanitaria. El consumo óptimo, es de una cantidad promedio de 100 litros por persona. El aspecto en el que más energía consumen los alojamientos turísticos es en la producción de agua caliente sanitaria que supone un 25 % de la factura energética. Ya sea por cuidar el medio ambiente, enseñar a nuestros hijos a cuidar el planeta o por economizar en la factura a final de mes, lo cierto es que hay muchos sistemas para ahorrar agua y/o energía:

According to IDAE, the 17% of the energy consumption corresponds to sanitary water. Optimal consumption is an average amount of 100 litres per person. The aspect in which tourist accommodation consumes the most is in the production of sanitary hot water that accounts for 25% of the energy bill. Either for taking care of the environment, teaching our children to take care of the planet or by saving money at the end of the month, the truth is that there are many systems to save water and / or energy:

**AHORRO

WATER AND ENERGY SAVINGS

El Building Research Establishment (BRE) es la entidad que lo gestiona. Fundada en 1921, fue la primera organización orientada a la investigación en el sector de la edificación en el mundo. Actualmente lleva a cabo la investigación, asesoramiento y pruebas para los sectores de la construcción.

The Building Research Establishment (BRE) is the company that manages it. Founded in 1921, it was the first research-oriented organization in the building sector in the world. It currently conducts research, advice and testing for the construction sectors.

Spain Green Building Council es la primera asociación nacional sin ánimo de lucro de empresas líderes de la industria de la construcción que trabajan juntas para promover ciudades y edificios medioambientalmente responsables, rentables y saludables.

Spain Green Building Council is the first national non-profit association of leading companies of the construction industry working together to promote environmentally responsible, cost-effective and healthy cities and buildings.

GBCe es una asociación sin ánimo de lucro que aúna a representantes de todos los agentes del sector de la edificación con el fin de contribuir a la transformación del mercado hacia una edificación más sostenible, compatible con los Objetivos de Desarrollo Sostenible de Naciones Unidas.

GBCe is a non-profit association that brings together representatives of all actors in the building sector in order to contribute to the transformation of the market towards a sustainable building concept, consistent with the United Nations Sustainable Development Goals.

APOYANDO LA EFICIENCIA DEL AGUA

SUPPORTING WATER EFFICIENCY

## ¿Qué es la certificación UWLA?

What is UWLA certification?

La etiqueta UWLA, Unified Water Label Association ([www.uwla.eu](http://www.uwla.eu)), tiene como objetivo establecer la clasificación energética estandarizada en toda Europa de todos los productos de grifería que utilizan agua en su funcionamiento para que el usuario pueda comprender de forma visual su nivel de eficiencia energética.

The UWLA label, Unified Water Label Association ([www.uwla.eu](http://www.uwla.eu)), aims to establish the standardised, Europe-wide energy standardised across Europe for all water-using faucet products. So that the user can visually understand their level of energy efficiency.

### Ahorro de agua y energía

Las griferías certificadas UWLA, como las que desarrollamos en Grifería Clever, están diseñadas para limitar el caudal de agua todo lo que sea posible, con valores que pueden alcanzar el 50%, pero siempre sin comprometer la experiencia del usuario; es decir, el confort en la obtención del agua. Con ello, no solo se ahorra agua, sino que también se reduce la energía requerida para calentarla, que se traduce en un menor consumo energético.

#### Water and energy savings

UWLA-certified taps, such as those developed at Clever Taps, are designed to limit water flow as much as possible, with values up to 50%, but always without compromising the user experience; or in other words, the comfort in obtaining water. Is not only water, but also reduces the energy required to heat it, which translates into lower energy consumption.

### Sostenibilidad ambiental

Cuando se reduce el consumo de agua y de energía, estamos contribuyendo de manera directa a la preservación de los recursos naturales del planeta y a la mitigación del cambio climático.

#### Environmental sustainability

By reducing water and energy consumption, we are contributing directly to the preservation of the planet's natural resources and the mitigation of the climate change.

### Ahorro económico a corto plazo

Al elegir un producto con la distinción UWLA el usuario tiene la garantía de haber elegido un producto que le ayudará a consumir agua y energía de una forma más inteligente y eficiente. Algo que, sin duda, puede marcar la diferencia en el consumo ya que el 70% del agua consumida en un hogar se dedica a funciones de lavado e higiene personal, mientras que un 25% de la energía que se consume tiene como objetivo calentar dicha agua.

#### Short-term financial savings

By choosing a product with the UWLA label, the user is guaranteed to have chosen a product that will help him to save water and energy in a smarter and more efficient way.

This can make a difference in consumption; because the 70% of the water consumed in a house is dedicated to washing and personal hygiene, while 25% of the energy consumed is used to heat the water.

# Grifería Clever obtiene el certificado DAP<sup>®</sup> Declaración Ambiental del Producto / EPD<sup>®</sup>

La certificación **EPD<sup>®</sup>/DAP** ha sido verificada rigurosamente por **TECNALIA R&I CERTIFICATION S.L.** como empresa certificadora independiente, para ser registrada y publicada en el **Sistema Internacional de EPD<sup>®</sup>**.

The EPD certification has been rigorously verified by **TECNALIA R&I CERTIFICATION S.L.** as an independent certifying company, to be registered and published in the International EPD System.

## Transparencia en el ciclo de vida de nuestros productos y **compromiso** con el medio ambiente

Fruto de nuestra política de compromiso con el medio ambiente, **Grifería Clever** ha obtenido la prestigiosa certificación **EPD<sup>®</sup>** (Environmental Product Declaration) o **DAP** (Declaración Ambiental de Producto) en prácticamente la totalidad de sus productos, cubriendo una extensa gama de categorías en las familias de Grifería de Repisa (Lavabo, Bidet y Fregadero), Grifería Mural y Grifería Termostática, incluyendo Conjuntos de Ducha entre muchos más productos.

La certificación **EPD<sup>®</sup>/DAP** acredita el **compromiso del fabricante de medir y reducir el impacto ambiental de sus productos y servicios** e informa sobre estos impactos de una manera responsable y transparente.

El desempeño ambiental del producto se describe mediante la realización de una evaluación del **ciclo de vida (ACV)** del producto; desde la extracción de **materias primas**, el proceso de **fabricación**, la **distribución** en todas sus fases, el **uso** del producto y su **fin de vida** terminando con el **reciclaje** del mismo.

Además, estos datos proporcionan a un amplio público técnico que comprende a **arquitectos, ingenieros técnicos, constructores y diseñadores**, información importante relativa a la sostenibilidad de sus proyectos integrales de construcción. Esto es especialmente importante para los proyectos de construcción sujetos a sistemas de certificación internacionales como **BREEAM<sup>®</sup>, LEED<sup>®</sup> o VERDE<sup>®</sup>**.

## Transparency in the life cycle of our products and commitment to the environment

It is a pleasure to inform you that as a result of our policy of commitment to the environment, Clever Taps has obtained the prestigious EPD (Environmental Product Declaration) certification in practically all its products, covering a wide range of categories in the families of Deck mounted Taps (Washbasin, Bidet and Sink), Wall Taps and Thermostatic Taps, including Shower Sets among many more products.

The EPD certification accredits the manufacturer's commitment to measuring and reducing the environmental impact of its products and services and reports on these impacts in a responsible and transparent manner.

The environmental performance of the product is described by conducting a product life cycle assessment (LCA) From the extraction of raw materials, the manufacturing process, distribution in all its phases, the use of the product and recycling as the end of its life.

Also, this data provides a broad technical audience including architects, technical engineers, builders and designers, with important information regarding the sustainability of their comprehensive construction projects. This is especially important for construction projects subject to international certification schemes such as **BREEAM<sup>®</sup>, LEED<sup>®</sup> or VERDE<sup>®</sup>**.

ACABADO CROMO 3

El CROMO 3 es un acabado superficial ideal para griferías debido a su estabilidad, seguridad y bajo impacto ambiental.

- 1

Es altamente resistente a la corrosión y al desgaste, lo que garantiza una mayor durabilidad y un acabado impecable que mantiene su brillo por más tiempo.
- 2

Es un compuesto seguro para el uso doméstico, ya que no representa riesgos para la salud.
- 3

Su proceso de fabricación es más respetuoso con el medio ambiente, contribuyendo a una producción sostenible.

Elegir griferías con cromo 3 es optar por calidad, seguridad y responsabilidad ambiental.

CHROME 3 FINISH

Chrome 3 is an ideal surface finish for faucets due to its stability, safety, and low environmental impact. This element is highly resistant to corrosion and wear, ensuring greater durability and a flawless finish that maintains its shine for longer. Additionally, it is a safe compound for domestic use, as it poses no health risks. Its manufacturing process is more environmentally friendly, contributing to sustainable production. Choosing faucets with Chrome 3 means opting for quality, safety, and environmental responsibility.

iClever es el revolucionario sistema de instalación de 1 sola pieza (caja empotrada) que permite obtener todas las funciones de la ducha o baño ducha que desees. Tú eliges las funciones que quieras para tu baño, luego la caja iclever y por último ya puedes escoger el modelo de grifería de nuestra colección que más te guste. En tres simples pasos todos son ventajas!

iClever is the revolutionary 1 piece installation system (concealed box) that allows you to obtain all shower or bath shower functions you want. You choose the features you want for your bathroom, then the box and finally our iclever, afterwards you are ready to choose the faucet you like. In three simple steps, all the advantages!

Ventajas iclever iclever advantages

- ✓ Fácil y rápido de montar y de desmontar.  
Easy and quick to assemble and disassemble.

✓ Evita desperfectos en la superficie cromada de la grifería.  
Avoid any damage on the chrome surface.

✓ Sistema flexible: con una base se obtienen múltiples configuraciones.  
Flexible system: with only a base, we obtain multiple configurations.
- ✓ Gran seguridad y durabilidad.  
High level of reliability and durability.

✓ Renueva tu grifería sin obras.  
Renew your faucet without works.

✓ La instalación permite ser testeada antes del montaje completo.  
The installation can be tested before it's completed.

Rociador AutoClean  
(Autolimpiable)

Autoclean shower head

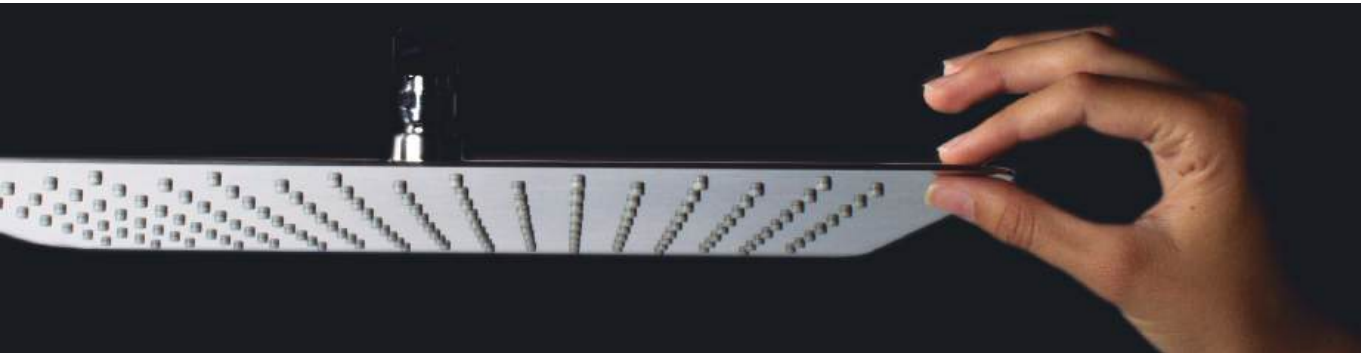

El rociador Auto limpiable evita que se taponen los orificios de salida de agua a través de un sistema interno por agujas.

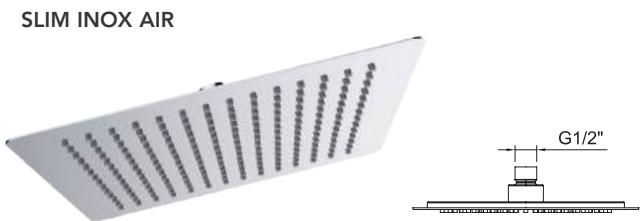

The shower rain self-cleaning avoids the water outlets to be blocked due to an internal system with needles.

El sistema consigue mantener la trayectoria original de la salida del agua ofreciendo una sensación natural de lluvia.

The system maintains the original water trajectory offering a natural rain sensation.

TechAIR

-30%

Water reduce

Los teléfonos de ducha Clever usan la tecnología AIR Advanced. Inyectando aire antes de la salida del agua, se consigue dar volumen a las gotas obteniendo una sensación más suave y confortable en la ducha.

Clever handsets use the advanced technology AIR Advanced. Mixing air with the incoming water reduces the water consumption at least 30%.

PN 10 and max. temperature 90°C.
- Tapas iKansas en tres colores: blanco, plata y negro  
The lid is available in three colors: white, silver and black

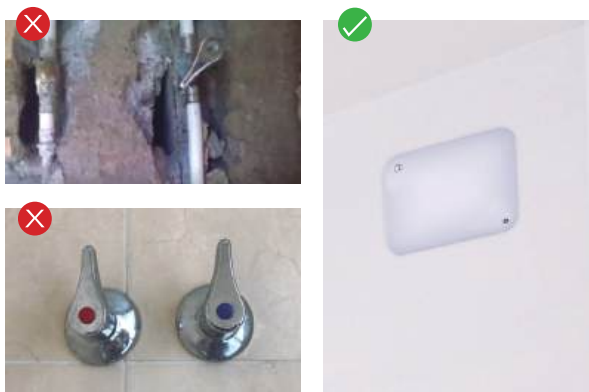

Sistema de agua sanitaria / Domestic water system

¿Por qué iKansas?  
Why iKansas?

iKansas es de fácil mantenimiento. Permite sustituir las válvulas de paso instaladas sin necesidad de romper la pared gracias a su sistema de entrada frontal.

iKansas is easy to maintain. It allows us to replace the installed shut-off valves without having to break the wall thanks to its front entry system.

ACABADO CROMO 3

El CROMO 3 es un acabado superficial ideal para griferías debido a su estabilidad, seguridad y bajo impacto ambiental.

**1**  
Es altamente resistente a la corrosión y al desgaste, lo que garantiza una mayor durabilidad y un acabado impecable que mantiene su brillo por más tiempo.

Elegir griferías con cromo 3 es optar por calidad, seguridad y responsabilidad ambiental.

**2**  
Es un compuesto seguro para el uso doméstico, ya que no representa riesgos para la salud.

**3**  
Su proceso de fabricación es más respetuoso con el medio ambiente, contribuyendo a una producción sostenible.

CHROME 3 FINISH

Chrome 3 is an ideal surface finish for faucets due to its stability, safety, and low environmental impact. This element is highly resistant to corrosion and wear, ensuring greater durability and a flawless finish that maintains its shine for longer. Additionally, it is a safe compound for domestic use, as it poses no health risks. Its manufacturing process is more environmentally friendly, contributing to sustainable production. Choosing faucets with Chrome 3 means opting for quality, safety, and environmental responsibility.

GRIFERÍA ABATIBLE PARA FREGADEROS CON VENTANAL  
Practical solution for sinks below a window

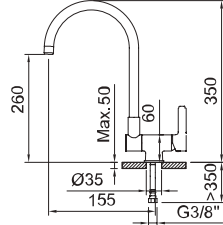

Con esta grifería podrás abrir la ventana de la cocina sin obstáculos. La grifería se inclina completamente evitando así que obstaculice la ventana. Se abate con un suave gesto, y dispone de varios puntos de fijación. Vuelve a su posición vertical fácilmente.

With this kitchen tap you can open the window without obstacles. Practical solution for sink mixers below a window. With this kitchen tap you can open the window without any obstacle. The tap totally bends softly allowing to open the window without any inconvenience. You can return the spout to its original position easily.

AIREADOR con límite de caudal máximo

Permite limitar el caudal máximo, independientemente de la posición de la maneta, consiguiendo así un mayor ahorro de agua.  
(No recomendable para grifería de bañera).

AERATOR, WITH MAXIMUM FLOW RESTRICTION. To limit the maximum flow rate regardless the handle position, saving more water. (it is not recommended for bath mixers.

**SUPERFIX**  
PLACA DE REFUERZO  
Reinforcing plate

Los grifos de cocina Clever disponen de una base que se coloca en la parte inferior de los fregaderos de acero inoxidable, evitando el movimiento del grifo al accionarlo.

The Clever sink taps have available a base which is placed in the inferior part of the stainless steel taps, not allowing the mixer's movement.

**EASYFIX**  
FÁCIL INSTALACIÓN,  
SIN HERRAMIENTAS  
Easy taps installation

Dispositivo que permite el montaje a mano, sin herramientas.

Device that allows the assembly by hand, without any tools.

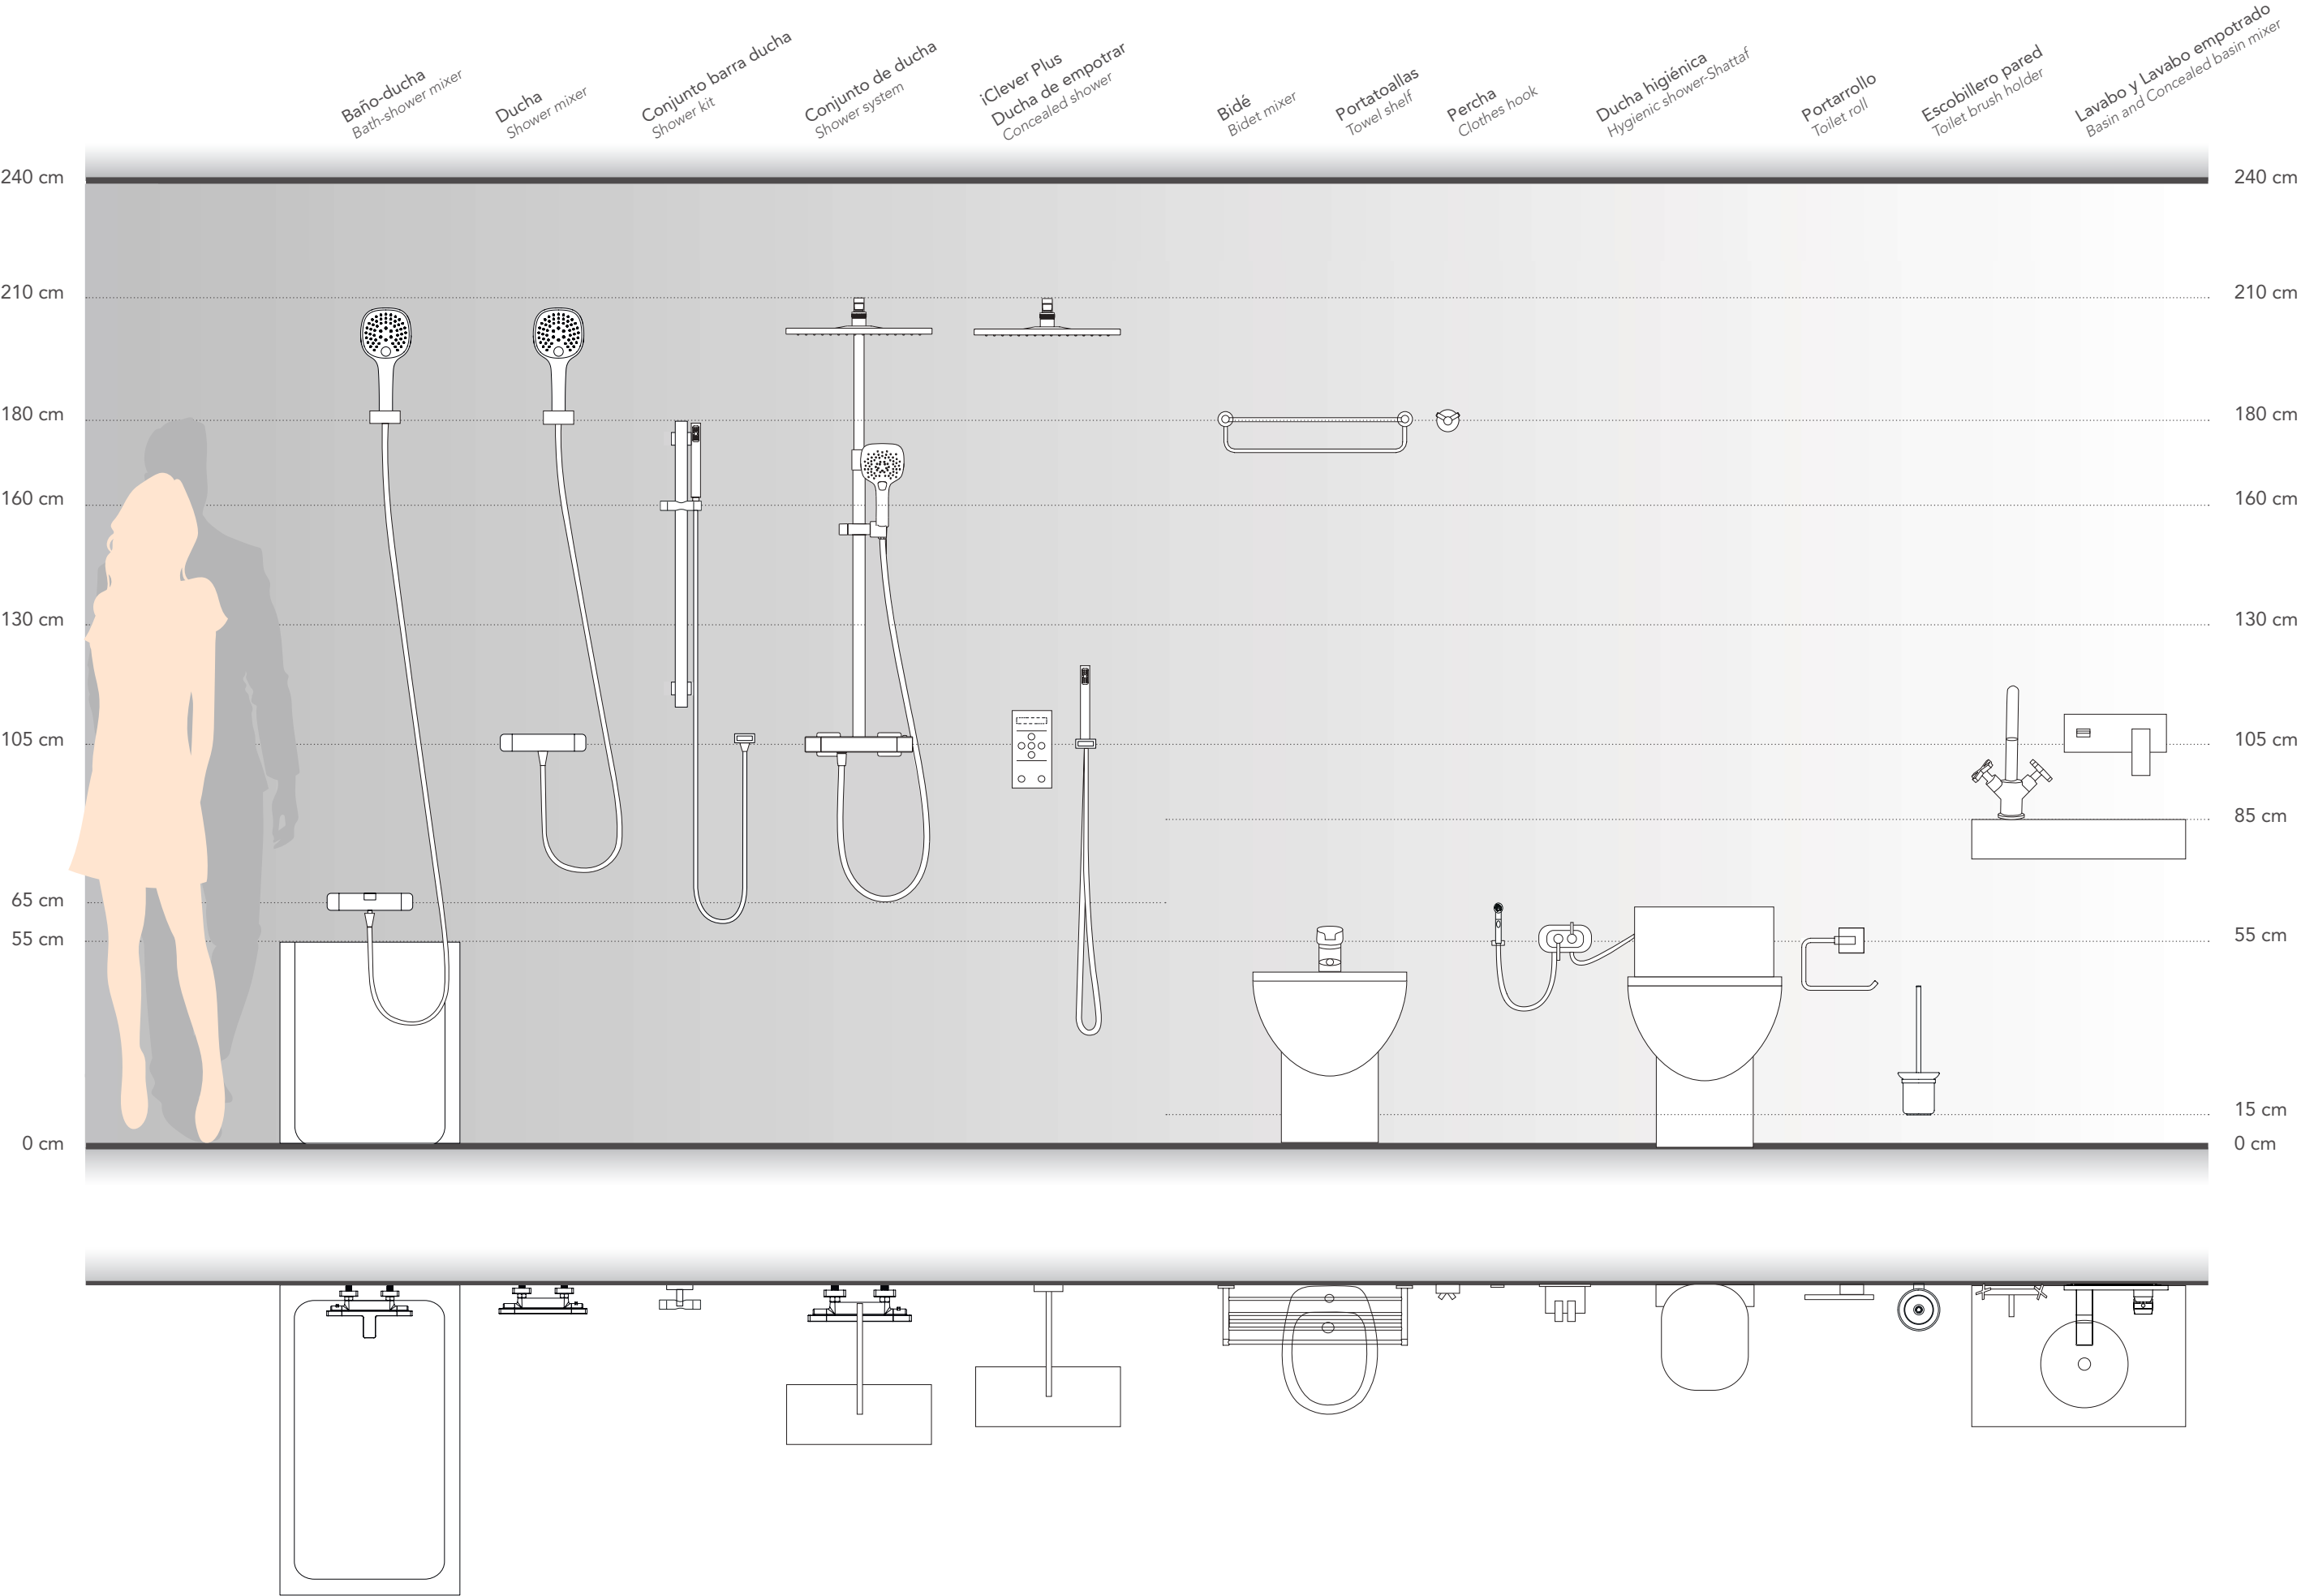

# Información técnica

*Technical information*

316 INFORMACIÓN TÉCNICA /  
TECHNICAL INFORMATION

326 CERTIFICADOS /  
CERTIFICATES

LATÓN • BRASS  
FUNDIDO • CAST

ESTAMPACIÓN • STAMPING

La grifería Clever utiliza aleaciones puras, con una mínima cantidad de impurezas. El porcentaje de plomo es muy bajo en consonancia con las directrices de consumo de agua potable. La aleación exenta de poros logra un pulido de alta calidad. Ausencia total roturas.

*Clever taps use pure alloys, with a minimum quantity of impurities. The percentage of lead is really low following the strict requirements for fresh water consumption. The alloy being free of pores allows to obtain a high quality polish and a total absence of breakages.*

Latón europeo estampado de extrusión de primera calidad. Norma UE EN 12.164/5. El latón de estampación contiene un porcentaje muy alto de cobre (Cu~60%). El porcentaje de estaño es muy bajo (Sn<0,3%), evitando la rigidez y posibles daños.

*High quality European stamped Brass according to UE EN 12.164/5 standard . Stamped brass has a high percentage of Cooper (Cu~60%). Very low percentage of Tin (Sn<0,3%), avoids rigidity and possible damages.*

COMPONENTES • COMPONENTS

LATIGUILLOS • HOSE BIBS

Longitud de 370 mm, según Norma EN 817. Macho roscado fabricado con CW617 (Sn<0,3%). Trenzado acero Inoxidable AISI 304. Tubo de goma EPDM o PEX, libre de migración de partículas nocivas. Amplia cobertura de certificaciones internacionales. Resisten presiones estáticas de más de 130 bar (13 MPa).

*Lenght 370 mm according to the rule EN 817. Male nut produced with CW617 (Sn<0,3%). Braided stainless steel AISI 304. Rubber tube EPDM or PEX, avoiding any particles migration. All worldwide certifications. They resist static pressures higher than 130 bars (13MPa).*

AIREADORES • AERATORS

Protección máxima contra los residuos de cal. Período de vida de larga duración. Reducción de salpicaduras. Control de rectitud de la corriente y el diámetro del chorro de agua. Producen un flujo recto, redondo, independiente de la presión. Nivel de ruido mínimo. Permiten un ahorro de agua y reducen el coste energético.

*Maximum protection against lime residues. Long lifespan. Splashes reduction. Straight flow control and water stream diameter. It produces a straight flow, round, independent to the pressure. Minimum noise level. It allows for water savings and a reduction of energy use.*

CROMADO • CHROMED

Extra Cromado, proceso de cromado compuesto por 44 pasos que garantizan la resistencia a la corrosión. La superficie debe resistir una prueba de laboratorio que consiste en soportar más de 200 horas de niebla salina sin que se aprecien defectos.

*Extra Chromed, our Chrome process consists of 44 steps to warranty the corrosion resistance. The surface has to resist the laboratory test which consists of withstanding > 200 hours salt spray test without observing any defect.*

EXCÉNTRICA  
ECCENTRIC NUT

El diseño interior evita ruidos procedentes de la circulación del agua. Fabricado con CW617 (Sn<0,3%) Un dispositivo instalado en el interior de la excéntrica absorbe el ruido del agua al pasar por ella. Reduce el ruido alrededor de 20 decibelios.

*The inner design avoids noises from the water circulation. Produced with CW617 (Sn<0,3%) One set installed inside the eccentric nut absorbs the noise when the water flows. Noise reduction around 20 decibels.*

GARANTÍA CLEVER  
WARRANTY

Los grifos Clever han pasado estrictos controles de calidad, están fabricados con los mejores materiales y componentes con el fin de ofrecer confort y durabilidad. Es por ello que ofrecemos 5 años de garantía en TODA nuestra gama. Temporizados, 3 años. La grifería Clever cumple con las indicaciones de las normas: UNE 19703 / UNE-EN 817 / UNE-EN 816 / UNE-EN 1111, y su calidad está garantizada según la norma ISO 9001.

*Clever taps have passed the strictest quality controls as all are produced with the best materials and components in order to offer comfort and durability reason why we offer 5 years guarantee in all our ranges. Timed taps 3 years. Clever taps follow these standards UNE 19703 / UNE-EN 817 // UNE-EN 816 / UNE-EN 1111, and quality is guaranteed according to ISO 9001.*

Standard

Se incorporan cerámicas técnicas sintetizadas de alta precisión con gran resistencia al desgaste. Todos los materiales en contacto con el agua cumplen las normas internacionales sanitarias como ACS, KTW & W270, Watermark, etc. La gran sensibilidad, nos confiere en la maneta un largo desplazamiento lateral entre 34° y 42°. Lo que nos permite obtener la temperatura deseada con exactitud.

*The cartidge uses high advanced sintered ceramic disc with high resistance to wear. All material in contac with water is certified by international norms such ACS, KTW & W270, Watermark, etc. The sensibility of the handle allows us to get the desired temperature.*

EcoNature

El sistema EcoNature consiste en un cartucho con 2 posiciones, calibrado desde fábrica, el cual ofrece un alto nivel de confort y facilidad de uso. El sistema se basa en un mecanismo situado en el interior del cartucho. Con un suave gesto suministra el caudal necesario para el uso cotidiano del grifo (ahorrando aproximadamente un 50% en el consumo de agua), si se desea el máximo caudal hay que ejercer una ligera presión en la palanca hacia arriba hasta alcanzar el máximo recorrido de la maneta.

*The EcoNature system consists of an Economizer Cartridge with two positions, assembled and calibrated in the factory, which offers a high level of comfort and it is very easy to use. The system is based on an end located in the interior of the cartridge, with a smooth gesture provides the necessary volume to guarantee a sufficient water flow for daily use (saving approximately a 50% in the water consumption), if the maximum volume is desired it is only necessary to rise the handle till the maximum position.*

ColdOpen

El sistema Cold open permite ahorrar agua caliente gracias al funcionamiento de la maneta. En su posición central, a diferencia del resto de grifería, no mezcla agua caliente y fría sino que el agua es solo fría. Para obtener agua caliente o templada se debe girar la maneta hacia la izquierda.

*The Cold open system allows to save hot water thanks to the operation of the handle. In its central position, unlike the rest of the taps, it does not mix hot and cold water, the water is only cold. To obtain hot or warm water, turn the handle to the left.*

Termostáticos

Estabilidad: la temperatura permanece constante. Confort: compensa automáticamente los cambios de temperatura. Seguridad: si el suministro de agua fría se interrumpe, el cartucho no deja pasar agua caliente de inmediato y evita quemaduras. Precisión: grifos calibrados a 38°C. Temperatura exacta. Exactitud: cartucho sintético especial, insensible a la cal (Ca). Trazabilidad: marcado STH y fecha para un mayor control y seguimiento.

*Stability: the temperature remains constant. Comfort: automatically compensates temperature changes. Safety: If the cold water supplied is interrupted, the cartridge will not let hot water enter and avoid scalding. Accuracy: tap scalibrated at 38 ° C. Exact Temperature. Exactitude: special synthetic cartridge, insensitive to the lime (Ca). Traceability: STH brand and date marked for a higher control and monitoring.*

SEGURO · SECURITY

**SAFETY BLOCK**  
Tope de seguridad para termostáticos  
*Security system for thermostatic*

Dispositivo que evita temperaturas superiores a 38°C de manera involuntaria. El usuario debe pulsar el botón para conseguir temperaturas superiores. Ideal para la seguridad infantil. Bloqueo automático en el caso de que se interrumpa el suministro de agua fría en la instalación.

*This mechanism prevents the water temperature from involuntarily exceeding 38oC . Higher temperatures are only made possible by pressing the appropriate button on the handle. This is an ideal protection device for young children. Flow automatically shuts off if the cold-water supply is interrupted.*

**MEDICAL**  
Accionamiento mediante el codo  
*Elbow activated mixer handle*

La maneta gerontológica Clever es ideal para ubicaciones donde los requerimientos higiénicos sean elevados. Además el usuario puede montarla en otros grifos Clever. Consultar compatibilidad con nuestro servicio técnico al cliente.

*The Clever hygienic handle is ideal for situations where a high degree of hygiene is a must. This special handle fits most Clever mixer models and can be easily retrofitted. Please check with our technical department for compatibility.*

**MAXIMUM TEMPERATURE**  
Bloqueo de temperatura en 50°C  
*Restricts temperatures more than 50°C*

La grifería se bloquea en un máximo de 50°C, el usuario no puede alcanzar temperaturas superiores. Ideal para evitar quemaduras. Bloqueo automático en el caso de que se interrumpa el suministro de agua fría en la instalación.

*The tap contains a mechanism that restricts temperatures more than 50oC, which is ideal to avoid accidental scalding. Flow automatically shuts off if the cold-water supply is interrupted.*

**ANTIVANDALIC BLOCK**  
Bloqueo suministro de agua a los 60 segundos  
*Shuts off the water supply in 60 seconds*

Tecnología destinada para griferías instaladas en lugares públicos. Consiste en una parada automática a los 60 segundos, evitando gasto de agua innecesario. Perfecto para lugares como aeropuertos, hoteles o restaurantes.

*Designed for taps installed in public areas. Flow stops automatically after 60 seconds, preventing unnecessary waste. Ideal for places such as airports, hotels, or restaurants.*

MEDIO AMBIENTE · ENVIRONMENT

**PUBLIC PLACE**  
Diseñado para lugares públicos  
*Designed for public places*

Las gamas de temporizados y electrónicos Clever están específicamente diseñados para lugares públicos. Automático, antivandálico, sistema inteligente de ahorro de agua y sistema de desmontaje oculto.

*The Clever delay action and sensor taps range is particularly suitable for public areas. These mixers are automatic, vandal-proof and are equipped with an intelligent water-conservation system. The dismantling points of these mixers are cleverly concealed.*

**ECO SYSTEM**  
Sistema con caudal limitado  
*Limited flow system*

Sistema ecológico con caudal limitado desde 1l/min hasta 9l/min, en lavabos, duchas, baño-duchas y fregaderos.

Environmental flow reduction system from 1l/min to 9l/min. Ideal for shower, basin, bath/ shower and sink mixers.

**AIR ADVANCED**  
Mezcla de aire y agua  
*Air and water mixing device*

Los rociadores y teléfonos Clever usan la tecnología AIR Advanced. Inyectando aire antes de la salida del agua, se consigue dar volumen a las gotas obteniendo una sensación más suave y confortable en la ducha.

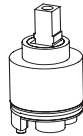

*Our technologically advanced Clever shower heads and handsets are equipped with AIR Advanced technology, which reduces water consumption by at least 30%.*

**WATER QUALITY**  
Grifería para equipos de calidad del agua  
*Purified water supply taps*

Grifería especialmente diseñada para conducir agua procedente de equipos de agua tratada.

*Specially designed faucets to deliver drinking water from water purifying equipment.*

CARTUCHOS CERÁMICOS · CERAMIC CARTRIDGES

**ECONATURE**  
Cartucho con apertura en 2 posiciones  
*Cartridge with 2 positions*

El sistema EcoNature consiste en un cartucho con 2 posiciones, calibrado desde fábrica, el cual ofrece un alto nivel de confort y facilidad de uso. El sistema se basa en un mecanismo situado en el interior del cartucho.

*The Econature system consists of a 2-position cartridge which is pre-set during production. The special mechanism located inside the cartridge ensures both comfort and ease of use.*

**COLD OPEN**  
Grifería de apertura en frío  
*Cold Open heat-conserving mixers*

El sistema Cold open permite ahorrar agua caliente gracias al funcionamiento de la maneta. En su posición central, a diferencia del resto de grifería, no mezcla agua caliente y fría sino que el agua es solo fría. Para obtener agua caliente o templada se debe girar la maneta hacia la izquierda.

*The Cold open system enables energy conservation by suppressing the mixing of hot and cold water while the handle is in a central position. Hot water mixing only occurs when turning the handle to the left-hand side.*

**ECO CARTRIDGE**  
Cartucho Eco con limitador de caudal  
*Eco-friendly cartridge with flow restrictor*

Los cartuchos eco han sido diseñados para limitar el caudal. Permite ahorrar agua y proporciona un máximo confort.

*Eco cartridges have been especially designed to limit the flow of water. This cartridge is very efficient in water conservation whilst providing maximum comfort.*

TECNOLOGÍA · TECHNOLOGY

**WATERFALL**  
Efecto cascada  
*Waterfall effect*

El efecto WATERFALL proporciona un cambio en la concepción de la grifería. El chorro realiza su estética y reproduce la fuerza innata de la naturaleza.

With our Waterfall effect we have introduced a new concept in bathroom mixers in which we achieved a higher level in design whilst simultaneously reproducing the force of nature.

**PULL-OUT**  
Grifería extraíble  
*Pull-out mixers*

Grifería de cocina con mango extraíble.

*Mixer with pull-out extendable flexible spout.*

**EASY FIX**  
Fácil instalación, sin herramientas  
*Easy mixer installation tool*

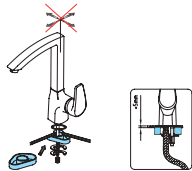

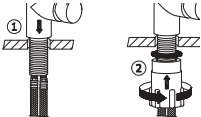

Dispositivo que permite el montaje con la mano, sin la necesidad de emplear herramientas.

*This specialised tool enables a fast and easy DIY installation of Clever mixers without the need for additional tools.*

**SUPERFIX**  
Anti-movimiento para fregaderos  
*Under-sink support for kitchen mixers*

Los grifos de cocina Clever disponen de una base que se coloca en la parte inferior de los fregaderos de acero inoxidable, evitando el movimiento del grifo al accionarlo.

*This robust under-sink base provides additional support for Clever kitchen mixers and prevents lateral movement.*

TECNOLOGÍA · TECHNOLOGY

**CERAMIC CONTROL**  
Montura/Cartucho inversor con discos cerámicos  
*Headwork/Diverter cartridge with ceramic disc*

Las monturas/cartuchos inversores son de giro 90° y 180° con discos cerámicos, óxido de aluminio de pureza 99%, desgastables. Para disminuir la conducción calorífica se monta un aislante térmico para evitar las quemaduras al accionar el pomo.

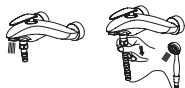

*The 99% pure aluminium oxide discs inside these spindle/diverter cartridges last longer and allow 90° and 180° spindle rotation. A special thermal insulator protects against scalding when touching the mixer handle.*

**HIDE DIVERTER**  
Inversor estético y funcional  
*Stylish and fully functional diverter*

Esta tecnología consiste en un inversor no visible que se acciona desplazando el flexible de forma vertical para efectuar el cambio, mezclando estética y funcionalidad.

*This concealed inverter can be activated by pulling out the hose bib, vertically.*

**ORIENTABLE**  
Aireador orientable  
*Swivel aerator*

Aireador que permite orientar el chorro de agua hasta la dirección deseada, consiguiendo así un mayor confort.

*This aerator allows you to aim the flow of water in any desired direction for additional comfort.*

**ANTIVANDALIC**  
Aireador antivandálico  
*Anti-vandal aerator*

Para una total seguridad, este aireador requiere herramienta especial para su desmontaje.

*This aerator requires a special dismantling tool for additional security.*

**CONTACTLESS**  
Grifería electrónica sin contacto  
*Contactless electronic mixers*

Sistema de detección para el accionamiento automático de la salida de agua, sin necesidad de tocar con las manos la grifería.

*Advanced sensor system activates the flow of water without the need for any physical contact.*

**COLD TOUCH**  
Grifería anti-quemaduras  
*Anti-scalding design*

El diseño especial de nuestras duchas y baño-ducha con COLD TOUCH, permiten que en ningún caso el cuerpo se caliente y queme. Ideal para la seguridad infantil.

*Our specially designed COLD TOUCH shower and bath-shower mixers prevents the mixer body from becoming too hot thereby protecting young children and senior citizens from scalding.*

**MAGNET FIXING**  
Sistema magnético de sujeción  
*Magnetic attachment system*

Para una mayor comodidad, la ducha se sujeta de manera magnética al caño, facilitando el uso del fregadero.

*The shower head is magnetically held in place for additional comfort.*

**EURO SLOT HANG**  
Packaging con pestaña incluida  
*Packaging includes tab*

Packaging con pestaña eurocolgadora incluida, perfecta para colgar en expositores o mostradores. Packaging versátil y funcional.

*Packaging includes euro hanger which makes it ideal for hanging the product on display stands.*

DISEÑO Y CALIDAD · DESIGN & QUALITY

**TOP WARRANTY**  
Garantía calidad 10 años  
*10 years warranty*

La grifería Clever se somete a estrictos controles de calidad, es por ello que ofrecemos 10 Años de garantía en todas nuestras gamas.

*Clever mixers are subject to stringent quality control checks which enables us to offer a 10-year guarantee on our entire range.*

**TOP WARRANTY**  
Garantía calidad 5 años  
*5 years warranty*

La grifería Clever se somete a estrictos controles de calidad, es por ello que ofrecemos 5 Años de garantía en todas nuestras gamas.

*Clever mixers are subject to stringent quality control checks which enables us to offer a 5-year guarantee on our entire range.*

**TOP WARRANTY**  
Garantía calidad 3 años  
*3 years warranty*

La grifería Clever se somete a estrictos controles de calidad, es por ello que ofrecemos 3 Años de garantía en todos nuestros accesorios.

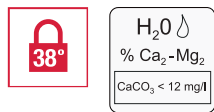

*Clever accessories are subject to stringent quality control checks which enables us to offer a 3-year guarantee on our entire range.*

**PATENTED**  
Diseño industrial exclusivo y patentado  
*Exclusive patented design*

Clever patenta sus diseños en la entidad oficial de registros de dibujos y marcas. Es nuestra distinción y el camino hacia el futuro. Las series patentadas son reconocidas para los países de la Unión Europea.

*All our Clever designs are officially registered and patented. This differentiates us from our competitors and fully supports us along our journey into the future. All our patents are exclusive in all EU countries.*

# Termostáticos

Thermostatics

## CUANDO INSTALAMOS LOS GRIFOS TERMOSTÁTICOS

- (1) Deben purgarse cuidadosamente las tuberías para eliminar arena y partículas sólidas del interior.
- (2) Es IMPRESCINDIBLE colocar los filtros en las entradas del agua fría y caliente.
- (3) Es IMPRESCINDIBLE que la toma del agua caliente esté situada a la izquierda y la del agua fría a la derecha.
- (4) PRESIÓN: Evitar que la presión del agua sea inferior a 1 bar o superior a 10 bar. La presión aconsejable es de 3 a 5 bar.
- (5) Usar calderas eléctricas de máxima capacidad posible, mínimo 200 litros, o calderas de gas con un caudal mínimo de 11 litros por minuto. Calderas de gas pequeñas (6 litros por minuto) no permitirán que el grifo funcione apropiadamente.
- (6) Recomendamos aislar térmicamente las tuberías del agua caliente.
- (7) Recomendamos instalar tuberías de diámetro mínimo 15mm

## WHEN INSTALLING THERMOSTATIC TAPS

- (1) Water outlets have to be carefully cleaned to eliminate sand and dirty from inside them.
- (2) It's indispensable to place the filters in the cold and hot inlets.
- (3) It's INDISPENSABLE to place hot water inlet in left side and cold water inlet in the right side
- (4) PRESSURE: Avoid installing these thermostatic taps when the water pressure is less than 1 bar or more than 10 bar. The recommended pressure is between 3 to 5 bar.
- (5) Use electric heaters with as much capacity as possible, minimum 200 liters, or gas heaters with a minimum capacity of 11 liters per minute. Small gas heaters (6 liter per minute) will not allow the thermostatic tap to work properly.
- (6) We recommend thermal isolation for the hot water pipes.
- (7) We recommend installing pipes with a minimum diameter of 15 mm.

## MANTENIMIENTO

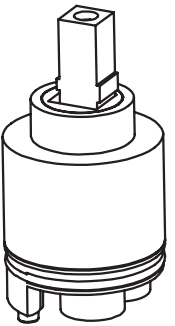

- (8) Es necesario limpiar periódicamente los filtros, especialmente si el caudal disminuye injustificablemente, o si la temperatura no puede regularse bien.
- (9) Si el grifo termostático no trabaja correctamente, comprobar el caudal, debe ser superior a 11 litros por minuto.
- (10) Si toda la instalación no funciona correctamente, comprobar las válvulas anti retorno situadas en ambas entradas.

## MAINTENANCE

- (8) Is necessary to clean regularly the filters, especially if the flow-rate decrease unjustifiably, or if temperature cannot be regulated properly.
- (9) If the thermostatic faucet doesn't work correctly, please check the flow-rate, there should be at least 11 liters per minute.
- (10) If the whole installation does not work appropriately, check the two check-valves placed in both inlets.

# Cambio cartucho

Change cartridge

1. Sacar tornillo
2. Sacar maneta, desenroscar embellecedor
3. Sacar embellecedor, desenroscar tuerca
4. Sacar tuerca
5. Sacar cartucho, limpiar interior grifo
6. Cambiar cartucho, montar piezas.

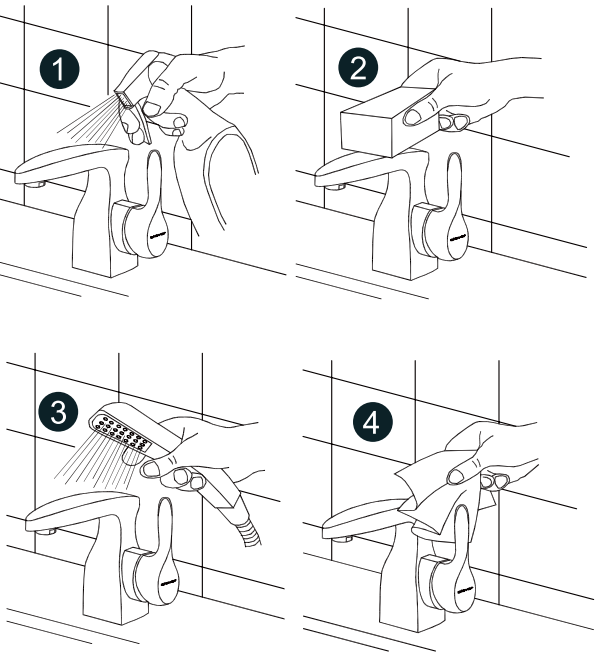

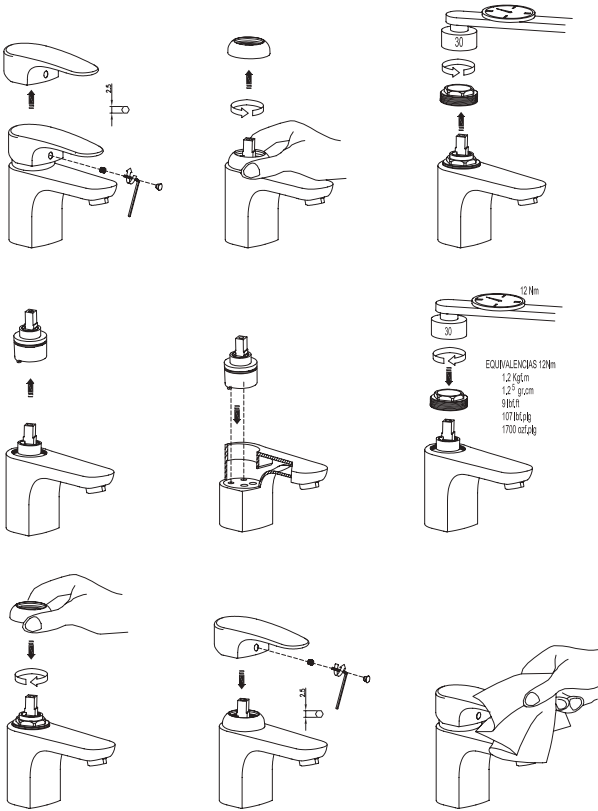

1. Remove screw
2. Remove handle, unscrew the rossette
3. Remove the rossette and unscrew the nut
4. Remove nut
5. Cartridge Remove, clean inside faucet
6. Replace cartridge, assemble parts.

# Mantenimiento

Maintenance

1. Limpiar con detergente líquido.
  2. Utilizar una esponja, gamuza o paño suave.
  3. Aclarar la grifería con agua.
  4. Secar después de cada uso.
  5. NO utilizar productos ácidos o abrasivos (HCl, HNO3, H2SO4...).
- Totalmente desaconsejado productos que contengan HCl, ácido clorhídrico (sulfumán), destruye el cromo en pocos segundos.
6. NO utilizar ningún tipo de estropajo.
- Nuestra garantía no cubrirá los daños ocasionados por un uso inadecuado.

1. Clean with liquid detergent.
  2. Use a sponge, suede or soft flannel.
  3. Rinse the tap with water.
  4. Dry after every use.
  5. DO NOT use acids or abrasive products (HCl, HNO3, H2SO4...).
- Products containing HCl, hydrochloric acid (muriatic acid) must be completely avoided, they destroy chrome in few seconds.
6. DO NOT use any type of scouring pad.
- Our guarantee does not cover damage caused by any inappropriate use.

# Condiciones de venta

## 1. Generalidades

Las ventas del GRUPO STH, compuesto por Standard Hidráulica e Hidrogas Canalizaciones, S.A.U, se regirán por las presentes Condiciones Generales de Venta, excepto en todo aquello que esté expresamente acordado de forma distinta en la confirmación de pedido u oferta.

## 2. Precios

Los precios incluidos en la tarifa se expresan en € (impuestos no incluidos) y se enviarán a portes pagados en función de las condiciones particulares de cada país y cliente, siendo el pedido mínimo de 350€, excepto en Clever, que no hay pedido mínimo.

Dentro del territorio de la Península Ibérica, los pedidos cuyo importe neto sea superior a 200€ para Clever o 350€ para el resto de catálogos, viajarán a portes pagados. Por debajo de estos importes se cargará un importe fijo en factura de 9€, o si lo prefieren, se enviará a portes debidos.

Para las Islas Canarias, Ceuta, Melilla, Azores y Madeira, el importe mínimo para portes pagados será de 1.000€. Por debajo de este importe se cargarán los gastos de transporte en factura según tarifa de agencia.

Todos los precios y costes mencionados con anterioridad, así como cualquiera de los costes asociados, no incluyen el correspondiente IVA que deberá añadirse, al tipo que especifique la legislación en vigor. El GRUPO STH se reserva el derecho de modificar los precios de la tarifa en vigor en cualquier momento sin necesidad de preaviso. Los precios aplicables serán los vigentes en el momento en que se realice el pedido. En caso de envío de muestras, estas serán a cargo del cliente, a quien se abonarán siempre que el proyecto para las que se han enviado se materialice en un pedido.

## 3. Plazo de entrega y descarga de la mercancía

Los pedidos que se reciban sin indicación de fecha de entrega se servirán en el plazo más breve de tiempo.

Las fechas de envío que aparecen en la confirmación del pedido son orientativas.

Las entregas anticipadas y los envíos parciales estarán autorizados si no existe un acuerdo por escrito que lo prohíba.

La incapacidad de efectuar o servir un pedido por motivos de huelga, fracaso de la negociación, cierre de negocio y consecuencias derivadas de los mismos serán consideradas como de fuerza mayor y eximen a GRUPO STH de su obligación de servir la mercancía y, el cliente no podrá reclamar en modo alguno daños y perjuicios. En el caso de aplazamiento de pago de las facturas pendientes, así como de su impago, y/o por exceder el cliente el límite de crédito que GRUPO STH tenga asegurado, los pedidos pendientes de servir quedarán retenidos hasta la resolución de la incidencia en cuestión.

## 4. Facturación

El grupo STH se reserva el derecho de enviar y facturar los pedidos del cliente por cualquiera de las empresas del grupo, dependiendo de la situación crediticia del cliente.

Los datos de la empresa proveedora, se detallarán en el albarán de venta, no aceptándose ninguna modificación tras el envío.

## 5. Condiciones de Pago

Se emitirá giro SEPA a 30 días fecha factura como máximo.

La falta de pago a un vencimiento de cualquier factura conllevará la inmediata suspensión del suministro de materiales.

En caso de que el GRUPO STH conceda al Cliente un aplazamiento en el pago de una factura más allá de la fecha de vencimiento inicialmente pactada, se aplicará una penalización de un 3% mensual.

En caso de impago, dicha penalización será del 5% mensual, con un mínimo de 15 €, al que se le añadirá un 3% mensual a partir del 2º mes de demora.

Independientemente del concepto que el cliente de a un pago, los pagos que se efectúen se imputarán en primer lugar a las penalizaciones por aplazamiento y/o impago, y a continuación al principal de las deudas que tengan un vencimiento más antiguo.

Todas las operaciones comerciales están aseguradas por una entidad de seguro de crédito.

## 6. Devolución de mercancía

Todas las solicitudes de devolución deberán ser analizadas y aceptadas por el GRUPO STH, debiendo informar el cliente de los motivos, justificando la fecha de compra con la factura. Las devoluciones de material no defectuoso deberán ser gestionadas durante los 15 días posteriores a la entrega de material. No se aceptará ningún material que esté descatalogado o fuera de garantía. Se aplicará un demérito a las devoluciones aceptadas, que podrá ir del 15% al 60% según el año de compra y siempre que se encuentre en perfecto estado para su venta. Los portes serán a cargo del cliente.

## 7. Reclamaciones, garantía y compensación

De conformidad con lo establecido en la legislación vigente, la reclamación por daños o averías de las mercancías transportadas, así como las diferencias de cantidad recibidas, deberán notificarse en las 24 horas siguientes a la recepción conforme de las mismas salvo que el daño fuera evidente en el momento de la recepción de las mercancías, en cuyo caso nos debe ser comunicado al instante anotándolo además en el talón de entrega del transportista. Después de dichas 24 horas, las reclamaciones serán consideradas fuera de plazo, siendo desestimadas.

La garantía que se aplicará sobre los productos del GRUPO STH será de 5 años para la grifería, y 3 años para el resto de productos, excepto en los que se indique en el catálogo una garantía superior.

La fecha de adquisición debe justificarse adecuadamente mediante la correspondiente factura de compra. Para que la garantía sea válida, es necesaria la aceptación del defecto por parte del departamento técnico.

Quedan excluidos de la garantía los daños producidos por la instalación, mantenimiento y limpieza indebidos, así como su uso inadecuado y desgaste natural.

La garantía cubre la reposición del material sin cargo, limitando nuestra responsabilidad a la sustitución o reparación de las piezas defectuosas reconocidas por el GRUPO STH, sin indemnización alguna. En caso de que el producto ya no se fabrique, se suministrará un producto similar de igual calidad.

Con el objetivo de mejorar, tanto en diseño como en funcionalidad, nos reservamos el derecho de modificar nuestros productos.

## 8. Responsabilidad Civil derivada del producto

El GRUPO STH sólo será responsable de los daños derivados de defectos originales de calidad internos de los productos.

El GRUPO STH nunca será responsable de los daños derivados de defectos de calidad aparentes de los productos que pudieron ser detectados por el cliente antes de su reventa o montaje en cualquier obra y/o instalación, así como de los daños derivados de una mala instalación y/o manipulación por incumplimiento de las condiciones de montaje, puesta en funcionamiento y utilización (por ejemplo, las instrucciones de uso) o de las condiciones administrativas establecidas.

Las limitaciones de responsabilidad serán aplicadas completamente a los sucesivos compradores, con la obligación de ser adoptadas por todos los futuros compradores.

Se establece como límite máximo de la responsabilidad civil que asumirá GRUPO STH derivada de daños causados por los productos, un importe de 2.000 €.

## 9. Daños a destinatarios

En el caso de que el cliente tenga conocimiento de que se hayan producido daños que pudiesen ser derivados por instalaciones hechas con los productos y sistemas del GRUPO STH (especialmente en caso de reclamación formal o legal de dicho destinatario al cliente), deberá notificarlo de forma urgentísima y por escrito al GRUPO STH y facilitarle la comprobación, valoración y causas de los daños para poder determinar las causas y responsabilidades.

El GRUPO STH en ningún caso responderá a ninguna reclamación de daños provenientes de los productos (ya sean acciones directas o de repetición) si no ha tenido la ocasión de poder valorar y comprobar la realidad de los daños y sus posibles causas.

## 10. Jurisdicción y Derecho aplicable

Respecto a todos los litigios que surgieran en el marco de la relación contractual entre GRUPO STH y el cliente serán competentes los Juzgados y Tribunales de Barcelona. Asimismo, se acuerda como Derecho aplicable el Derecho Español.

## 11. Validez

Estas condiciones de venta anulan las anteriores y estarán vigentes hasta cualquier cambio publicado en [www.standardhidraulica.com](http://www.standardhidraulica.com).

# Sales conditions

## 1.General

The following sales conditions pertain to all sales performed by STH GROUP (Standard Hidraulica, S.A.U. and Hidrogas Canalizaciones, S.A.U.), except for any special conditions on specific offers or order confirmations.

## 2.Prices

Prices shown in our price list are in euros, excluding VAT, and under Ex Works Montcada i Reixac conditions.

The minimum order value to get free shipping cost, will be determined based on the specific conditions of each country and customer.

STH Group reserves the right to modify prices in this price list without prior notice.

Prices applied will be those on the date of order receipt.

Shipping costs for samples will be at the customer's expense.

## 3.Delivery of the goods

Orders with no specific delivery time, will be dispatched at the first available opportunity.

Kindly note that any delivery dates appearing on the order confirmation are only estimates, moreover advanced deliveries and partial dispatches will be authorized, unless there is a written agreement to the contrary, between both parties.

Any inability to process or deliver an order, for reasons that include, but are not limited to industrial action, breakdown of the negotiations, business closure and any related consequences, will be considered a force majeure and will automatically release STH Group from any obligation to supply the goods on order. Furthermore, the customer may not claim for any incurred damages.

In the case of postponing payment of any outstanding invoices or failing to settle them and/or exceeding the assured credit limit, any outstanding orders will be kept in our warehouse until the incident is solved. Moreover, STH Group will become the owner of the goods until the pertinent invoice is settled in full.

## 4.Invoices

All the commercial deals are insured by an Insurance Company.

STH Group reserves the right to invoice the customer through any company from within the Group, depending on the insurance amount that the client has. The company's details will appear on the delivery note, without the possibility of changing it, once the document is sent.

## 5.Payment conditions

All invoices must be settled within 30days from invoice date.

Any remaining balances after the due date will automatically block the delivery of other shipments.

All payment conditions on the invoice must be strictly adhered to and any changes must be agreed in advance.

The Company reserves the right to charge interest at a rate up to 3% monthly, and the non-payment will be charged up to 5%, with a minimum amount of 15 €, and a further 3% will be added each month, following the second month of the delay.

Any incurred penalties will first be deducted from late payments, BEFORE the invoice is credited.

If the payment is not insured, payment terms will be agreed between STH Group and the client.

## 6.Returned goods and dispatch

All claims must first be analyzed and accepted by STH Group, previously the customer should inform about the reasons why he/she wants to return it and justifying when it was bought with the invoice.

Returns resulting from delivery mistakes like product identity errors and/or quantity discrepancies (excluding defective goods), should be affected not later than 15 days from delivery.

Any discontinued items or items outside their warranty period will not be accepted.

Goods which have been returned for different reasons other than the ones mentioned above, will incur an extra charge (between 15% and 60%), depending on when it was bought and the condition of the product itself. Transport costs are to be paid by the customer.

Please note that any products which are either discontinued or outside the guarantee period, will not be accepted.

## 7.Claims, warranty, and compensation

Any fault or anomaly, including a shortfall in the assured quality of the product, must be reported in writing within 24hours from receipt of the goods, unless the problem is not immediately visible. Once this problem is detected, you must notify it together with the delivery note stamped by the forwarder. After the 24hourse the claims will be rejected.

The guarantee that will be applied STH Group products will be 5 years for the mixers and 3 years for the rest of the products, except for those that the catalogue gives a superior one.

To validate a warranty the customer must send the invoice, which clearly shows the purchase date. This is subject that the defect will be accepted by our technical department.

Guarantee periods will start from the invoice date. Any damages resulting from improper installation and/or improper maintenance, as well as bad cleaning practices and/or inappropriate use of the product will not be covered by the guarantee.

The guarantee covers replacement or repair of the claimed goods. If these are discontinued, they will be substituted by similar products.

We reserve the right to modify any product design and functionality without prior notice.

## 8. Civil Liability

STH GROUP will only be responsible for the claims related to internal product defects.

The company will not be responsible for visible damages which could have already been detected, or any issue caused by a wrong installation or manipulation, resulting from not following the installation guide properly.

The limitations of responsibility will be applied in full on successive purchasers and must be adopted by all future ones.

For any claims STH Group must be informed immediately and in writing, making sure that all the necessary information to show the cause and possible responsibility of the STH Group are included.

The maximum limit of liability which will be paid by STH Group, derived from a faulty product, will be 2.000€

## 9. Consignee damages

In the case of a claim that STH Group products may have caused some form of damage on an installation (especially when it is officially demanded by the customer), the Company should be informed immediately by writing, making sure to include an estimate of the cost of damages and their cause.

STH will never answer any claim, before carefully checking all the damages and possible causes.

## 10. Jurisdiction and applicable Law

Any potential lawsuits that may arise between the Company and the customer, will be heard in the Courts and Tribunals of Barcelona. Likewise, it is agreed that the applicable Law will be Spanish Law.

## 11. Validity

These Sales Conditions cancel all the previous ones, and they will be valid until any modification is published on our website [www.standardhidraulica.com](http://www.standardhidraulica.com)
